KIOSKS

A range of portable GRP kiosks which are available off the shelf for quick delivery. These high quality buildings suit both indoor and outdoor applications and come in four standard layouts. Popular applications include security control and gatehouses, toll booths and car parking assistant cabins, ticket sales and vending kiosks, visitor and delivery check-in, and as an attractive and focal information point for heritage and leisure sites.

CABINETS

These steel cabinet enclosures offer a long term solution to house and protect instrumentation and electrical equipment. With the option of either double-skinned, insulated construction or our economical single-skin range, our cabinets have become a popular choice for metering and electrical panels.
