

FOCUS ON
WATER SAFETY

GUARDIAN™ LIFEBUOY HOUSING

Every Glasdon Guardian™ lifebuoy housing has been designed to be both highly visible and resilient whilst protecting your important life-saving equipment. Our lifebuoy housings are ideal for any area in which large amounts of water pose a danger such as harbors, beaches, lakefronts, swimming pools and water treatment plants.

1. Guardian 750 Pole Mounted

Ropemaster™ Rope Management System

The Guardian lifebuoy housing incorporates purpose designed Ropemaster, which allows the buoy and rope to be removed from the cabinet in one movement using only one hand. This quick release system could save valuable seconds during rescue attempts.

Indicator shows cabinet **HAS** been opened.

Usage Indicator

The usage indicator allows for quick and easy inspection of the life ring cabinet, helping to minimize maintenance.

This inspection aid is easy to reset after the housing has been opened.

Housing Sizes

Guardian is available in a choice of 2 sizes, which allows the flexibility to house the most appropriate sized buoy to the risk area.

GUARDIAN™ 750 Housing

Holds two B-Line™ Water Rescue Devices OR one Lifebuoy (750mm or 600mm).

GUARDIAN™ 600 Housing

Holds two B-Line Water Rescue Devices OR one 600mm Lifebuoy.

Glasdon Lifebuoys

Drop tested from over 30 metres, Glasdon Lifebuoys are durable in the most adverse conditions.

The Lifebuoy 600 and Lifebuoy 750 models can both be stored in the protective Glasdon Guardian™ Lifebuoy Housing.

Lifebuoy 600 supplied with a 30m throwing rope (8mm diameter) as standard.

Lifebuoy 750 supplied with a 30m throwing rope (8mm diameter) as standard.

Glasdon lifebuoys are fully compliant with Chapter III standards for life-saving devices, as per the Life-saving Appliance (LSA) code (SOLAS, 1974).

B-LINE™ WATER RESCUE DEVICE

The lightweight and streamlined design of B-Line means that it can be thrown further and more accurately to the victim, increasing the chances of a successful rescue. B-Line provides the victim with buoyancy, helping to reduce panic and allowing regular breathing to recommence. They can then be pulled safely ashore.

Quick & Simple To Use

Easily thrown with accuracy. Buoyant and strong. Easy to re-throw. Re-usable. Soft nose reduces risk of injury to the victim.

B-Line rescue device can be easily stored in a Guardian Lifebuoy Housing.

CUSTOMER LED PROJECTS & PERSONALISATION

A centre boss label is supplied as standard on Guardian Lifebuoy Housings. These can be personalised with your name, logo or special instructions. Please call our Sales Office for further details and the cost.
