

Landfill Diversion Statement

At SUEZ recycling and recovery UK, we are committed to reducing the environmental impact of waste by diverting it from landfill.

Together with our customer Glasdon UK we are leading the way in landfill diversion and advancing a circular economy.

Period covered: 11 April 2025 to 11 April 2026

Through innovative recycling and recovery solutions, we transform waste into valuable resources, ensuring that less waste ends up in landfill.

Waste streams covered:

- ▶ General waste
- ▶ DMR
- ▶ Wood
- ▶ Mixed metals
- ▶ Food
- ▶ Mixed packaging glass
- ▶ Batteries and WEEE waste
- ▶ Fluorescent tubes

Together, we are building a sustainable future that doesn't cost the earth.
