

C-Thru Bin™ Blanking Flap

OPERATING INSTRUCTIONS

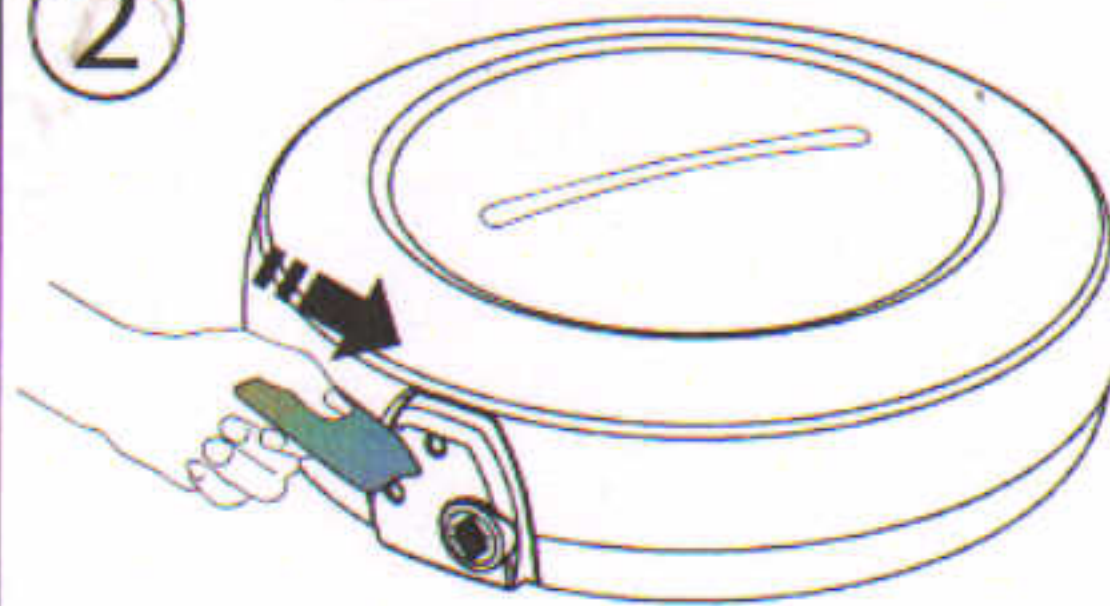

IMPORTANT NOTE:- ENSURE THAT ALL RELEVANT PERSONNEL READ THE POINTS LISTED BELOW AND THAT A COPY IS PASSED ON TO STAFF INVOLVED WITH THE INSTALLATION.

1

Ensure the illustration on the key is uppermost.

2

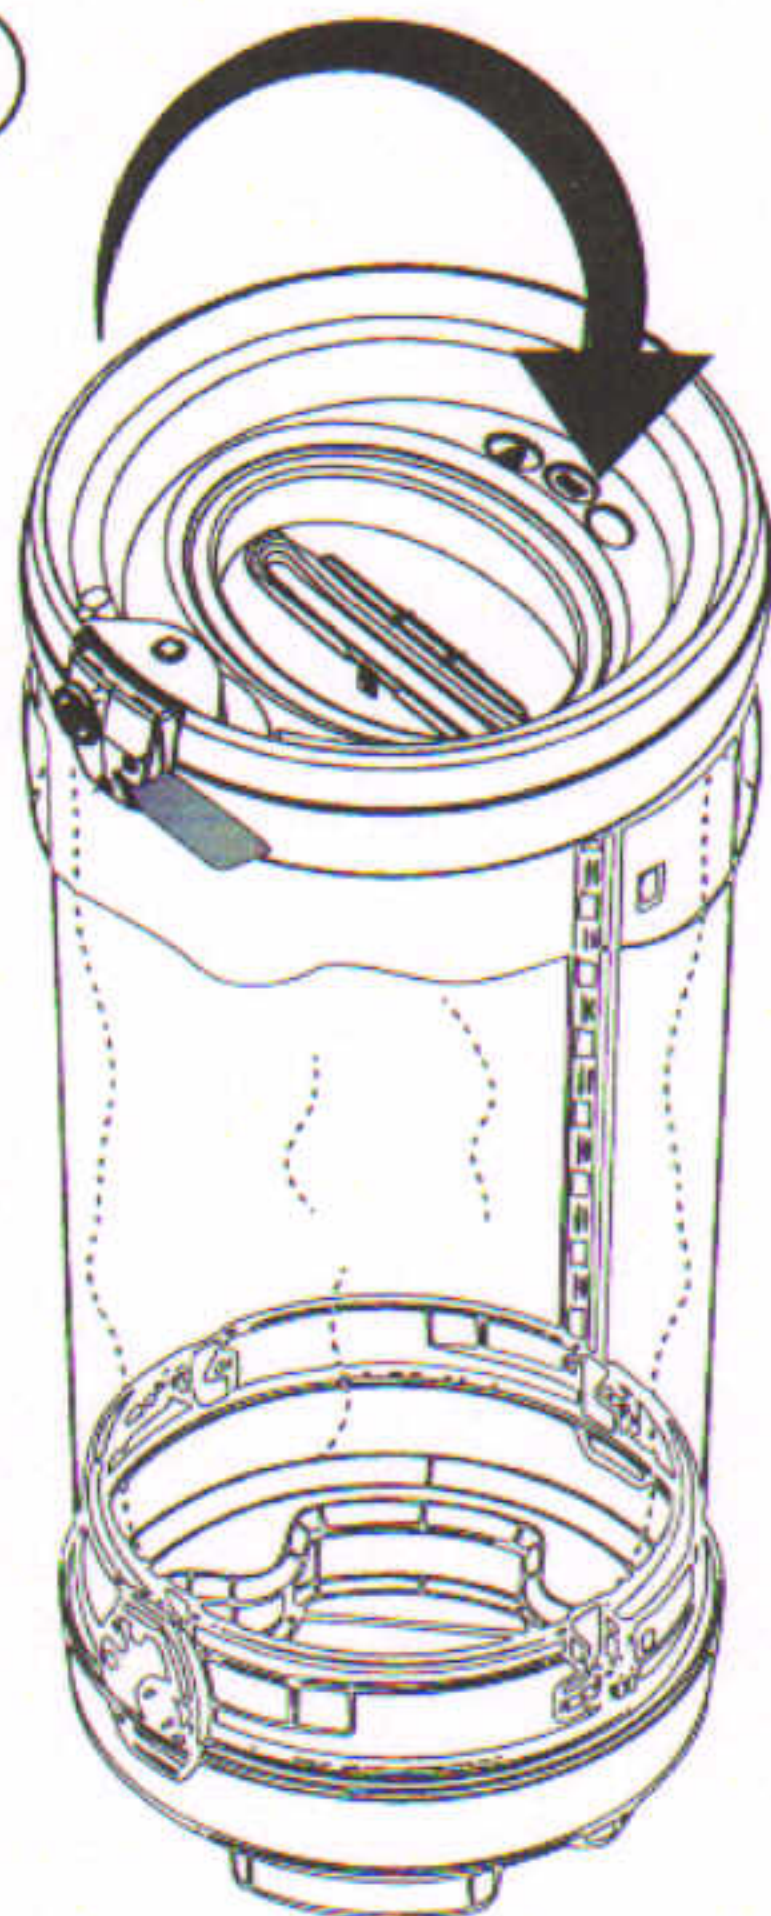

Insert the key all the way into the lock. (Do not turn the key.) This will automatically release the locking mechanism.

3

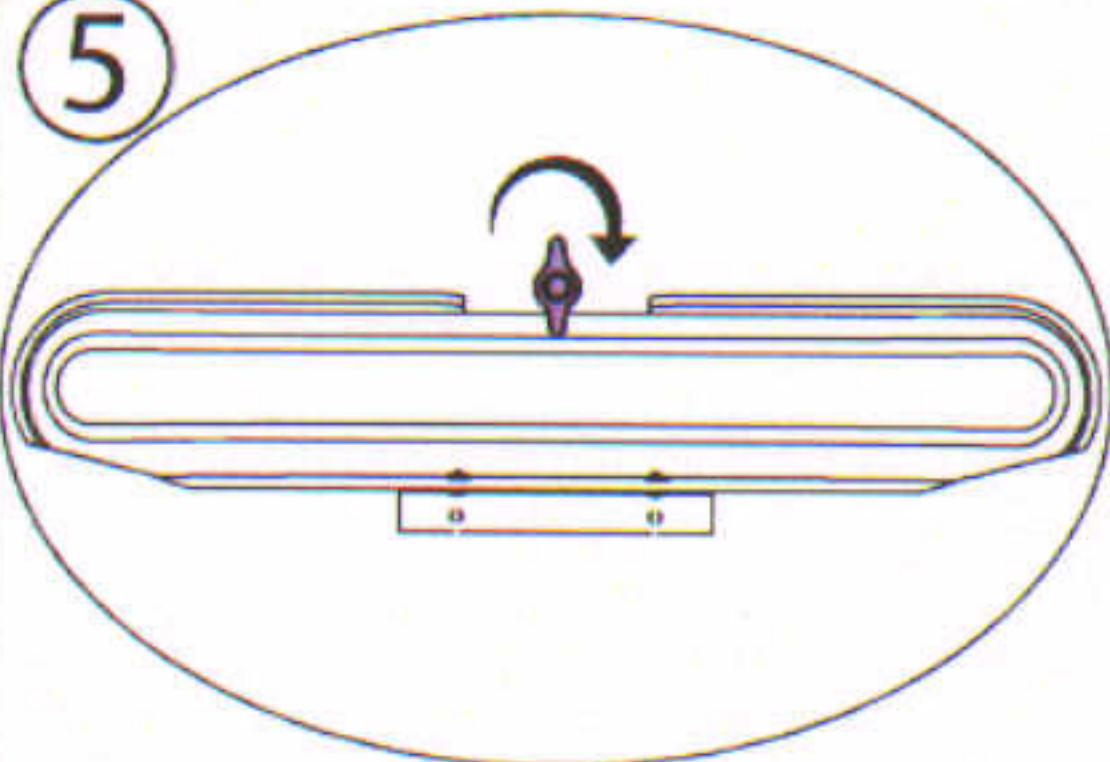

With the key still in position, turn hood anti-clockwise, then lift hood off.

4

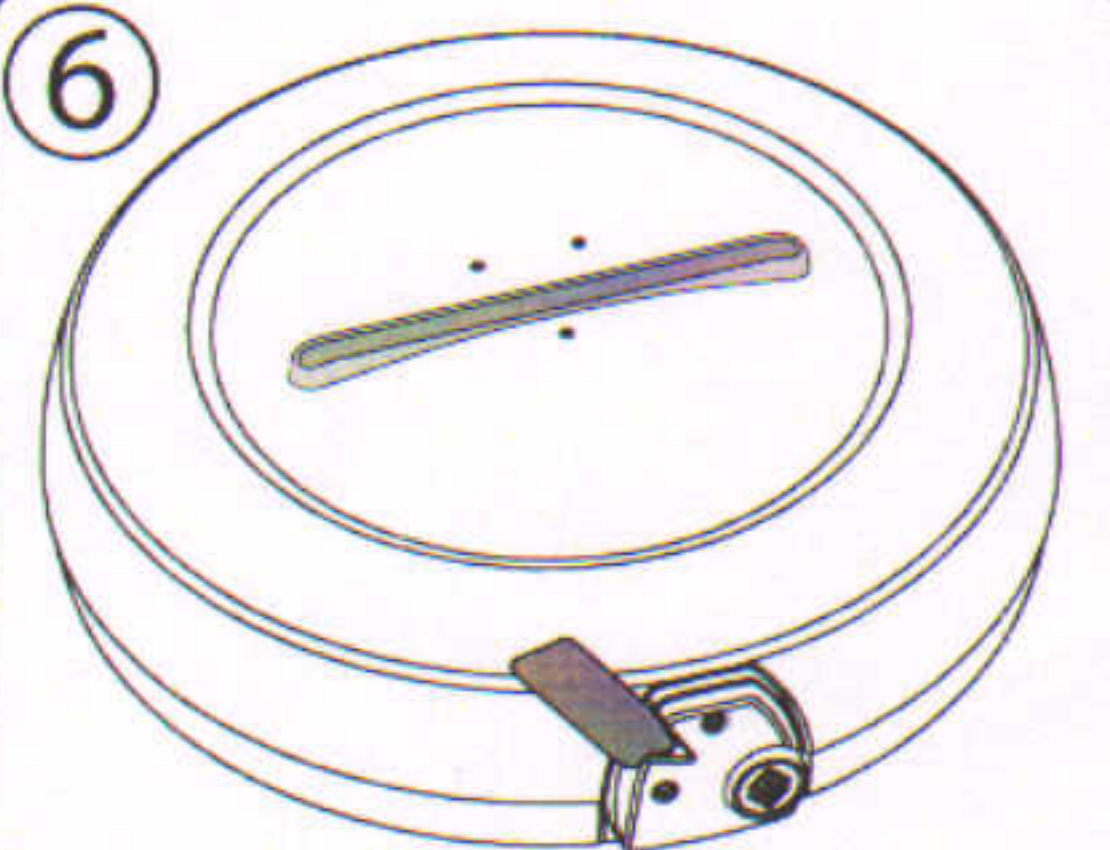

Flip the hood over so its top face is resting on the bin body, allowing access to the underside

5

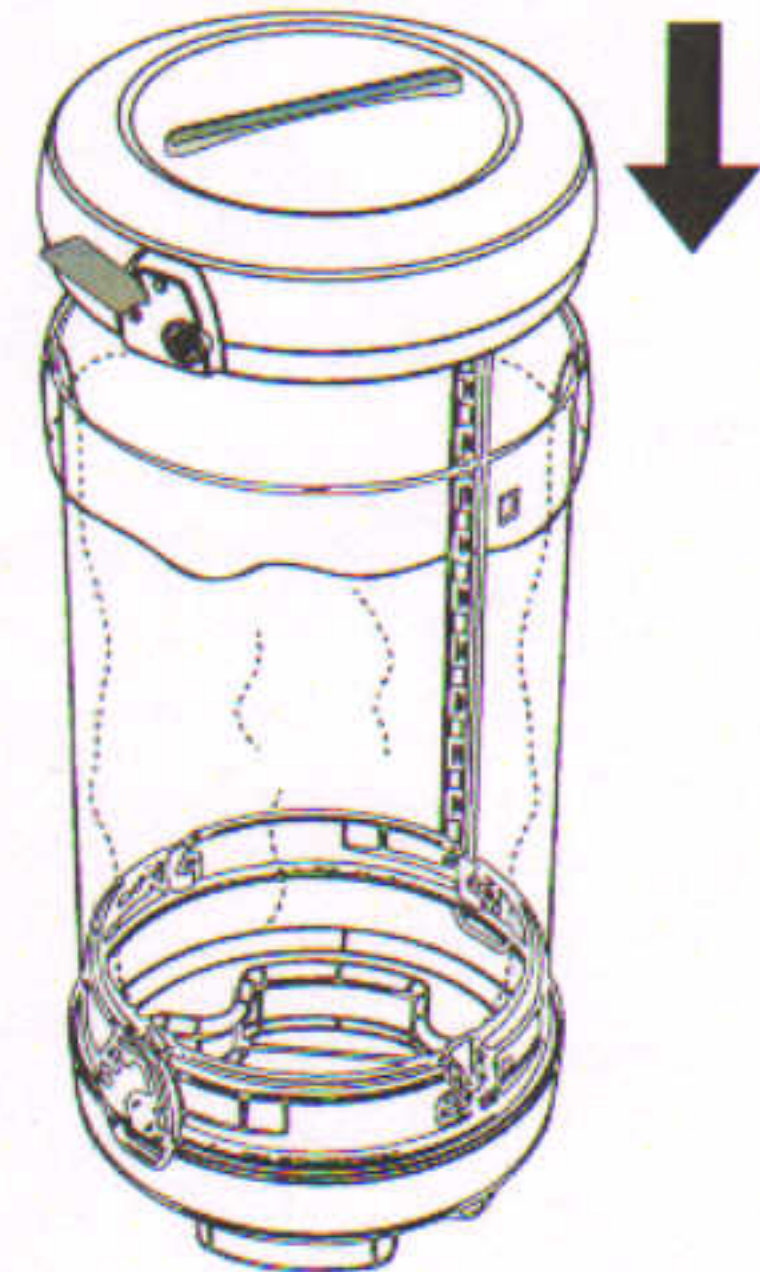

Push the flap into place and turn knob 90 degrees until it secures the flap.

6

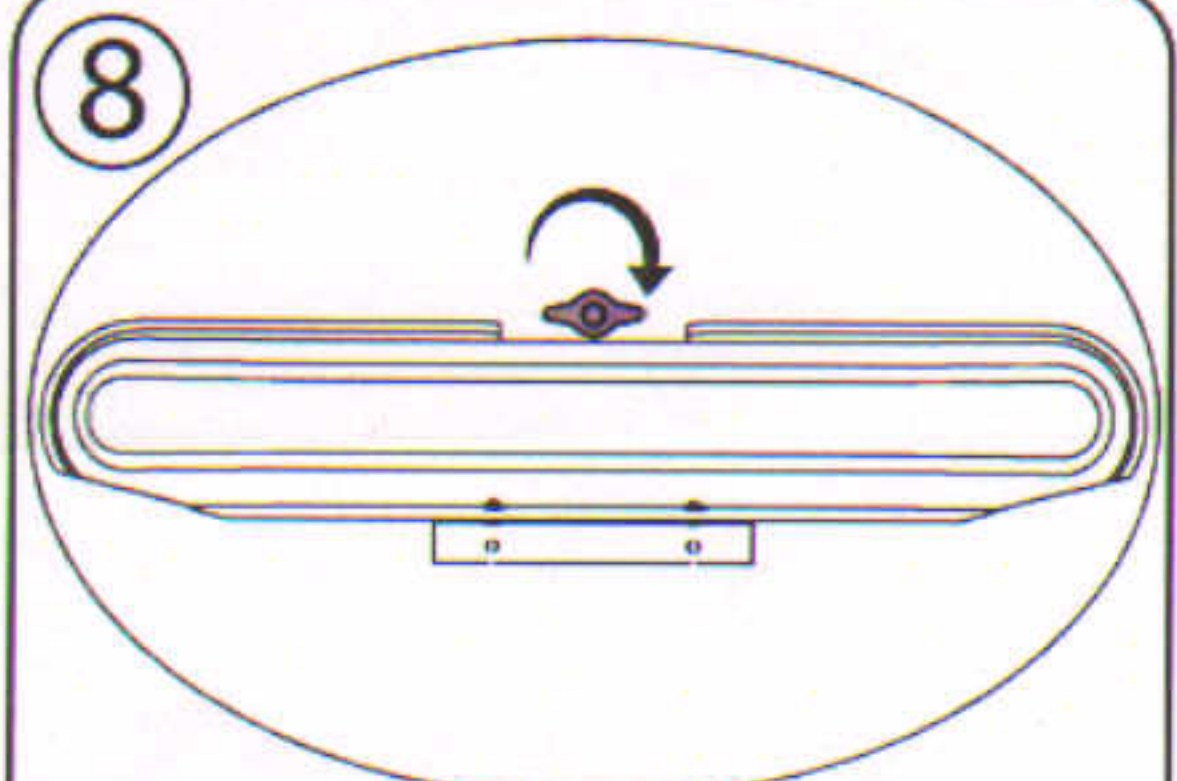

The flap is now secured in place blanking off the bins opening.

7

With the key still in position, offer the hood onto the body aligning with the rear bobbin. When aligned turn hood clockwise then remove key.

8

To open the flap return to step 3 and turn the knob 90 degrees as shown until the flap falls open.

- A planned maintenance schedule of regular inspection is recommended, replacing components as necessary.
- Replacement components are available direct from GLASDON.
- GLASDON cannot be held responsible for claims arising from incorrect installation, unauthorised modifications or misuse of the product.
