

Phoenix[®] Recycled Material Seat

Phoenix[®] Recycled Material Seat

Product Description

Phoenix Seat is robust and rustic with end supports and slats made from recycled materials.

This heavy-duty seat offers durability, weather resistance and low maintenance. The frame is constructed from Armortec[®] coated steel and the end supports are supplied in textured Black Enviropol[®].

The seat slats are available in a choice of either Brown or Black Enviropol Material made from 100% recycled material or Light Brown or Grey Timberpol[®] Material made from 95% recycled and sustainably sourced raw materials.

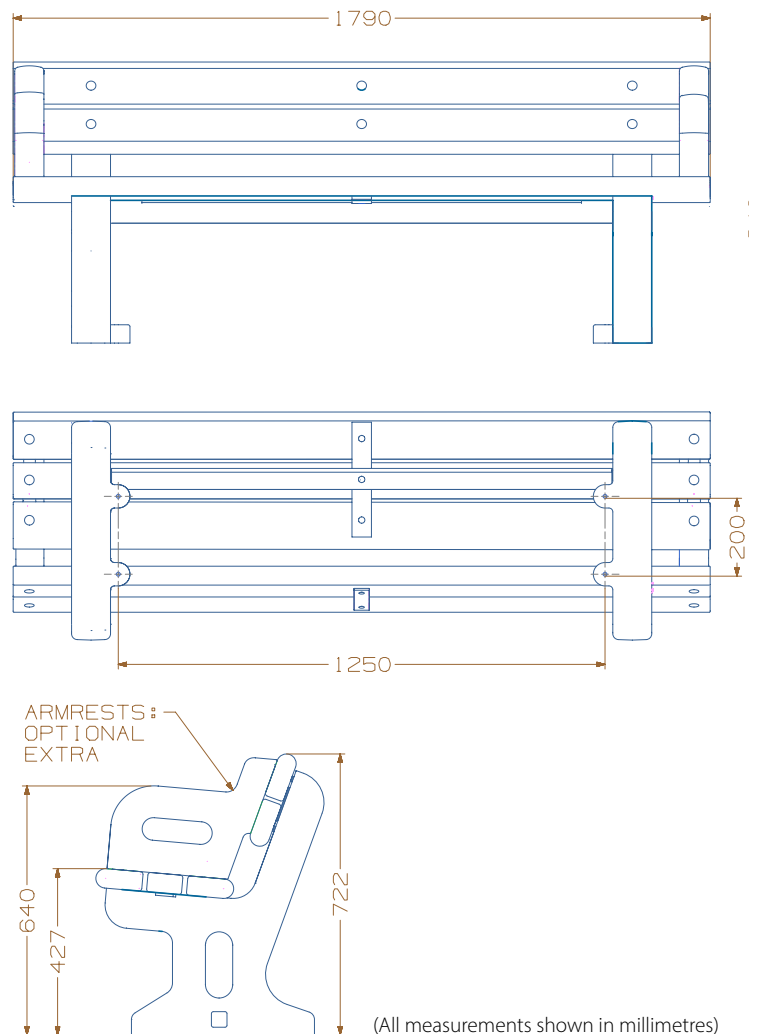

Concrete surface fixing bolts come as standard.

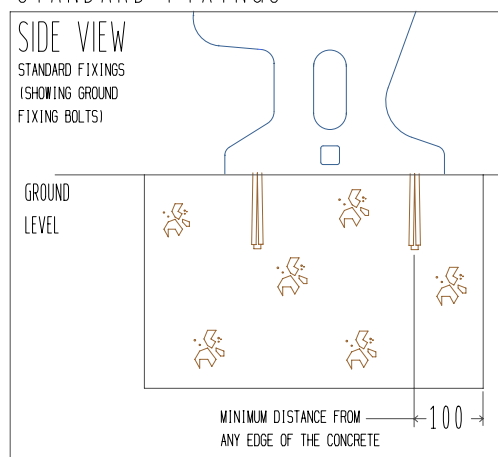

Phoenix[®] Recycled Material Seat
